

Literacy and numeracy catch-up funding

The catch-up premium provides an additional £500 of funding per pupil for pupils in Year 7 who have not achieved Level 4 in English or Maths at Key Stage 2. This report aims to explain how this funding is used at The Victory and the impact of the strategies used.

The curriculum has been restructured to enable those pupils who did not secure scaled score of 90 or higher in English and/or math to have timetabled extra literacy & numeracy support lessons. Students in this group now access 15 extra hours of English and maths teaching per fortnight in small groups known as 'Key Skills' lessons. This small group allows intensive and extended support to meet the needs of these pupils, ensuring that their core skills (which underpin the rest of the curriculum) are developed. To that end specialist key skills staff have been employed and are utilized in delivering this curriculum.	£12,924
