Dear Parent/ Carer,

**03/02/2022, 04/02/2022, 07/02/2022- Human Papilloma Virus (HPV) vaccination in school.**

We are inviting your child to be vaccinated against Human Papilloma Virus (HPV).

HPV infection can cause cervical cancer, head cancer, neck cancer or anal / genital cancer in later life.

The vaccination is now being offered to boys as well as girls.

This is a two-dose vaccination. Dose one is given in year 8 and dose two when your child goes into year 9. To get the best protection, your child needs both vaccines.

**Please complete the online consent form at: <https://childconsent.co.uk/kchft> before midnight on 30/01/2022. You can also use this form to decline the vaccination if you wish.**

**To use the consent form you will need to enter one of the following details for your child:**

- **NHS number or**
- **Legal surname, their date of birth and postcode**

If we are unable to vaccinate your child at school we can offer a clinic appointment at one of our Community clinics after the school session.

We will continue to invite your child to be vaccinated unless we hear from you, this may mean that one of our team calls you to obtain verbal consent over the phone. Please make sure that your contact information on the consent form is up to date and make sure you notify your GP of any changes to your address and phone number.

If your child misses a vaccination in school that you have provided consent for, we may be able to catch up on these at a future vaccination session in school or in the community.
