Dear Parent/ Carer,

03/02/2022, 04/02/2022, 07/02/2022- Human Papilloma Virus (HPV) vaccination in school – dose two.

The NHS will be visiting your child's school on the date/s above to give **dose two** of the Human Papilloma Virus (HPV) vaccination.

If you have previously consented for your child to receive HPV:

- You are not required to give consent again as you will already have consented when your son/daughter received their first dose.

If you declined consent for HPV dose one:

- This will remain as declined for dose two.
- Please note that a young person can consent to having an immunisation if they are assessed as competent to do so. For more information about consent please go to: www.nhs.uk/chq/pages/900.aspx

If your child **did not** receive dose one in year 8 last year and you would like them to be vaccinated please complete the online consent form marking whether you consent or decline consent **before** midnight on **(30/01/2022)**.

The HPV consent form can be found on the following link: <https://childconsent.co.uk/kchft>

To access the consent form you will now need to enter one of the following identifiable details for your child:

- **NHS number or**
- **legal surname, date of birth and postcode**

If your child misses a vaccination in school that you have provided consent for, we may be able to catch up on these missed vaccinations at future vaccination sessions in school or we can offer a clinic appointment after the school session has taken place.

This vaccination is not routinely given at your GP surgery but if for medical reasons we are unable to vaccinate your child a referral will be completed and a copy will be sent to you.
